OFFICIAL NOTICE OF SANITARY VIOLATION

Mr. Dallas J. Photopulos  
2105 Shady Glen Drive  
Springfield, MO 65804

Dear Mr. Photopulos:

This department has received a complaint concerning surfacing sewage at property under your control at 3000 East Lolo Trail, Springfield, Missouri.

A representative of this office investigated the complaint on March 19, 1987 and April 6, 1987, and found it to be justified. Chapter 30, Section 30-11 of the Springfield City Code states that "It shall be unlawful for any person to place, deposit, cause, or permit to be deposited, in any unsanitary manner upon public or private property within the City, any domestic waste, garbage, pollutant, or other objectionable waste."

Therefore, it is the direction of this office that the above facilities be repaired so as to eliminate the discharging sewage within 15 days of receipt of this notice of violation.

In order to prevent odor, please apply lime immediately to the area where the sewage is surfacing. If you have any questions concerning this matter, or if the City Health Department can be of assistance to you, please contact us at your convenience.

Your cooperation will be appreciated.
